*Vision for Children and Families:*

*“All children in the CNMI will be safe, healthy, and thriving members of our culturally diverse community. Their families will have access to the high quality supports they need to achieve their potential.”*

### Health and Safety Training on Child Development

On June 04, 2024, six (6) participants from ZFFC Before and Afterschool Program, and Team Koka–Tinian completed a two-hour training on *Child Development*. This remote training was facilitated by Evergreen Learning Training and Development Specialist, Grace M. Mallari.

During the training session, participants identified the four developmental domains: social-emotional, language, cognitive, and physical movement. They also learned the importance of recognizing and fostering these domains in a childcare setting through interaction, engagement, and planned activities.

This training was made possible through funding from the Department of Health and Human Services, Office of Child Care, CNMI CCDF Program under the Department of Community and Cultural Affairs.
