Child Care Providers Attend the Health and Safety Training on the Administration of Medication, Consistent with Standards for Parental Consent

On November 14, 2024, twenty (20) participants from Loving Hands Daycare and St. Joseph–Tinian completed a two-hour training on the *Administration of Medication, Consistent with Standards for Parental Consent*. This training was facilitated by Evergreen Learning Training and Development Specialist, Grace M. Mallari.

During this training, participants delved into the best practices for receiving, storing, and administering medication. They also familiarized themselves with the *Five Rights of Medication Administration* and evaluated their program's existing policies and regulations.

This training is made possible through funding from the Department of Health and Human Services, Office of Child Care, CNMI CCDF Program under the Department of Community and Cultural Affairs.
